

House Rules

We take good care of things.

If we open it, we close it.

If we turn it on, we turn it off.

When we take something out, we put it back.

We leave a room as we found it - or better.

We clean up our messes.

We tidy up before lying down (in bed).

We never make needless work for others.

We ask for help when we don't know how to do something.

When we go to others' homes, we follow these same rules.
